Dial 911

When you **DIAL 911** at the arena to help out an injured player, the first question asked is "what is your address". The City of Burlington has now added a rink board sign near the timekeepers box to every arena. The first place you should look when **CALLING 911** is for the sign that clearly shows the address for that rink. **Every second counts!**

The 80+ HOCKEY HALL of FAME is a non-profit organization which recognizes active recreational hockey players 80+ years of age in Canada.

PRESIDENT'S WELCOME

Dear Friends

I would like to welcome all returning members as well as all new members to the Burlington Oldtimers Hockey Club. We are now in our **47th year** in operation since

our inaugural season in 1975. From humble beginnings starting with eight teams, we now have 8 divisions, 48 teams and over 1,000 members. What an amazing accomplishment. We have created many memories, friendships and achievements along the way. We've never lost sight of who we are in creating a Club that is a true community-focused hockey fraternity that continues to be the best place to play hockey in a fun and safe environment. We are thankful to our founding members for their vision and to the many members since then who have contributed their time and passion in organizing the Club's hockey season and the many events throughout the year while always continuing with the traditions of our Club.

As you all know, we've tried our best to meet the challenges over the last two seasons due to COVID. We realize that health risks are still present in the community and we are committed to keeping all of our members health and safety in mind. We ask everyone once again this year to please be mindful of any potential symptoms and err on the side of caution by staying home if there is any doubt. We will adhere to any and all provincial and municipal health guidelines and protocols and appreciate everyone's understanding and patience if these are implemented. Our tremendous board does a ton of work throughout the year volunteering their time organizing the many hockey-related functions, running events and managing finances. We wouldn't be half the Club if it weren't for their time and dedication - thank you gentlemen for all that you do. Please join me in welcoming Jim Cruickshank as a new Director who replaces Jordan Dankowich. I would also like to thank Jordan for his time and commitment on the board and fortunately he is not going away as he will continue on as the Scheduling and Summer Hockey Chair.

I would be remiss if I also didn't thank the many other volunteers that we have from the Chairs of the various committees and their members, the Convenors, Captains and Assistant Captains. We all appreciate your support in making the Club the huge success that it is.

Our club's finances remain strong despite the impact COVID has had on our operations over the last couple of years. This is a result of the club's focus on balancing the books each year and ensuring we had a reserve fund to offset any unforeseen challenges that may arise. Please continue to help out your club by supporting Hectors and our Invitational Tournament.

Our BOWSER Babes are back again this year and heading up the group of ladies is Joanne Patterson. They will be collecting non-perishable food or monies to purchase food for the Burlington Food Bank. Keep your eyes open for when they will be set up in the rinks. Thank you very much babes for all the work you do as well as to all our members for your continued generosity and support in giving and helping out those in our community. After a two-year hiatus, we plan to run our 46th Annual Invitational Hockey Tournament February 22-26, 2023. A lot of work goes into planning and executing the tournament and we have an amazing group of volunteers led by Rick Fox that work tirelessly to make it the Premier Oldtimers Hockey Tournament in Ontario. This is the biggest fundraiser for our Club and we look forward to a successful tournament.

On October 21st and 22nd, we are hosting the 80+ Hockey Hall of Fame Induction Ceremonies. This event includes a few hockey games for the inductees and a U.S. vs Canada game, plus the induction ceremony (and dinner) where 6 of our members will be inducted. This should be a fantastic event but we need your support to come out and fill the stands to watch the games at Appleby on October 22.

As always, don't forget to support Hectors. We are very fortunate to have our own place to share a drink with your teammates and fellow members. This is your Club and it's important for all of us to continue joining your teammates for a quick beverage after your games. We look forward to seeing you there through out the year.

In closing, we hope you all have a fantastic and safe season.

Jeff Davis, President BOHC

Mission Statement

To preserve and further the enjoyment of participation, camaraderie and sportsmanship of its members and to contribute to the community of Burlington.

The operating procedures and rules of play of the Burlington Oldtimers Hockey Club are in place to ensure that everyone enjoys Oldtimer hockey. The following are a few rules and regulations to keep in mind over the course of the season:

Player Movement

Convenors may move players from a team or division at any time, if they feel it is in the best interest of the league. Movement is to keep the league competitive, fun and fair. We ask for your complete cooperation.

Absent

A player who cannot make a game is expected to advise his captain well in advance to enable a substitute/replacement player to be found. Players who miss four (4) consecutive games without notice or are habitually absent, may be removed from his team and placed in the player pool. A player from the pool will be moved onto the team in his place.

Pool players who habitually refuse to play may be relegated to a non-active playing status for the remainder of the season.

Penalties

Both the number and the severity of penalties an individual player receives will be monitored and further disciplinary action may be warranted.

Alcohol

The consumption of alcohol in all arenas is strictly prohibited. Anyone reported to be violating this policy will automatically be subject to a discipline hearing with further consequences to follow (see rules section www.bohc.ca).

Profanity

Players are representing the BOHC to the community each time they step in an arena. Foul and profane language will not be tolerated. On the ice, on the bench or in the penalty box, penalties can and will be assessed.

Fun

Winning should be secondary. The purpose of Oldtimers hockey is to provide recreation and enjoyment for it's members and as such, each coach/captain should provide equal ice time for all members of a team.

Get Involved

Volunteering or helping out with events is always appreciated and can be an enjoyable part of Oldtimers hockey. New faces and new ideas are what keeps our organization healthy and viable.

It started as an idea in 1975 and it grew into one of Canada's largest Oldtimers hockey clubs. The Burlington Oldtimers Hockey Club began when Russ Dean rallied all Oldtimers to play a National Tournament in Peterborough.

The Beginning

The players, Dean and Jerry Large, who coached that first tournament, began to create a local league in Burlington. Guy Ouelette, Gerry Park and Jim Verral were instrumental in forming an eight-team league.

There was also the community aspect. Membership in the community derives from a conscious sense of belonging. "I really believe that" said Ouelette. You can give something back to the community. It's more than just hockey. Hockey was the excuse but it's about the fraternity, the friendships and the building of a strong community.

A number of dedicated people like Jim Verral, Bart Grainger and Ron and Barbara Harker went beyond the call of duty. The potential league had its first meeting on January 29, 1975 and a slate of 15 directors were named. The first registration signed 128 players and 20 on the waiting list. Registration was \$50 for 24 games. The referees were volunteers.

Ice time was a problem back then as well. The City of Burlington wouldn't surrender any ice time for a fledgling league, so the first two seasons were played in Hamilton. They started with a total of 8 teams split into two divisions. In a letter to members, dated April 23rd 1975, Ouelette said, "The Burlington Oldtimers Hockey Club is the start of something real big in our community..."

Hector

There was a league with players and teams. There was a charter, a board of directors and soon their own logo. Bill Dagleish, developed the logo, Bill had a lot of grey hair and he actually skated like that," said Park. "It was almost like he took a picture of himself and drew it."

Invitational Tournament

The first Invitational tournament was held in March 1977 with 16 teams participating.

The trophy was presented by Hockey Hall of Famer Fred "Cyclone" Taylor, who presented the league with skates he wore in the 1920's or 30's.

The Community

Since its inception the Burlington Oldtimers Hockey Club has given back to the community. Over the years we have raised money for a variety of causes including the Joseph Brant Memorial Hospital. The BOWSER Food Drive has been a current event since 1992. We are proud to be the major contributor to The Burlington Food Bank and have collected over 86,215 food items and \$233,970 in cash. BOHC have also donated \$128,370 in cash to the Carpenter Hospice. These donations are through the efforts of the Invitational Tournament, Christmas Dance, Golf tournament, BOHC Referees Association, BOHC divisions and teams and BOHC members.

Expansion

By 1977, ice was available in Burlington and the club added two more teams. In 1978, the club grew to 3 divisions of four teams. The club was soon expanding quicker than the NHL. In 1980, two more teams were added. Then in 1983, four more teams were added.

By 1986 the club expanded to 24 teams in four divisions. In 1990, the club added two more teams bringing the total to 26. In 1992, another division of 6 teams was added. The largest jump occurred in 1999, which saw the club go from 30 teams to the current 42.

In October 2010, the Club launched its season with eight divisions with over 1,000 hockey members, if you include our loyal pool players. Summer Hockey continues to be a successful and enjoyable tradition for the league. The Club is proud of its ongoing contribution to Burlington and our motto "Balance, Fair Play and Community".

Message by the Executive Referee in Chief

The start of the 47th edition of the BOHC hockey.

Another season on the ice. Given the last couple of years, it emphasizes the nature of the club to be safe, community spirit and enjoyment of playing our game of hockey along with all the social aspects that go with it. Remember that it is about having fun, getting out of the house for some exercise and a night out with the boys. Good luck, enjoy the Canadian tradition and see you on the ice or at the club! As a quick reminder again that the objective is for a safe and fun season of hockey for everyone and that's why we're here. Any issues please use your captain who will forward it to conveners and then to VP Hockey On Ice Operations. We will look into anything brought to our attention.

Mike Veerman

The Burlington Oldtimers Hockey Club has an exemplary tradition of volunteer activity and contribution to the Community. As with many organizations, select individuals embrace the organization and make exceptional contributions.

It takes more than 150 volunteers to run all facets of your BOHC each year including captains and their assistants, divisional convenors and their assistants, numerous committee heads and members for all on-ice and off-ice events, and the Board of Directors.

Honorary Members are registered annually with no fee required. They are non-playing and have attained the honorary status over the years through their recognized contributions to the club during its inception, or in the time since. Also, respectfully included in honorary membership are spouses of members who unfortunately have passed away during the playing season. Honorary Members are required to register annually to affirm their desire to remain in league records.

At the time of printing, the following are recognized as **HONORARY MEMBERS**:

Louise Addison • Ed Ashley-Smith • Pearl Baskin • Joan Brandreth
Pat Broadbent • Charles Charlebois • Barb Charron • Rick Fox
Erin Kofoed • Anne McGraw • Carolyn Park • Johanne Patterson
Tangy Ratray • Michele Wood

The Life Member designation is borne out of the Honorary membership designation. As generations go by and our membership grows, there is a genuine desire to stay in touch with the past history of the BOHC, and not forget those individuals who either laid the groundwork for our league or contributed significantly to it over the years. Life Members are nominated by the BOHC membership and must be non-playing individuals. They are recognized by the Board of Directors as having contributed significantly to the BOHC, on a voluntary basis, their time and/or expertise over a long period of time.

At the time of printing, the following are recognized as **LIFE MEMBERS**:

Larry Allan • John Hastings • Lynn Hastings • Andre Leclerc • Jim Matz
Jerry Robson

Nominations, in writing to the Membership Director, for Life Members are accepted by the Board of Directors each year up to May 1st. At that time, the Board of Directors will review all nominees and grant the Life Member designation to no more than one person per year, if warranted. Written nominations should include a brief history of the individual's contributions to the BOHC over the years.

At the time of printing, the following are recognized as **SOCIAL MEMBERS**:

Jim Boshis • James Broadbent • Sue Buchanan • Gord Hamilton • Chris Lotufo
Andrew Martin • Jim McCarthy • Gerry Nebel • Bob Paton • Gary Marshall

Our Heritage Committee is dedicated to honoring and preserving the history and traditions of our 46 year-old BOHC.

We have been working on a **BOHC Hall of Fame** (more like a collection of interesting players past and present) and will be releasing more details soon. This is a great way to recognize some of our longstanding members.

Since the start of BOHC, the original members and their wives have met at the club on Friday afternoons. They reminisce, share stories, some are even hockey related. This continues to this day.

The Heritage Committee will continue to monitor and work with all the event organizers and continue to create more stories for those to share in the future.

To date, BOHC has had six members inducted into the **80+ Hockey Hall of Fame** in Ottawa. This year we are proud to host the games and induction ceremony right here in Burlington and we will have 6 of our members inducted. **Join us Saturday October 22 at Appleby to cheer on our boys.**

Our **BOHC Annual Invitational Tournament** - one of the finest Oldtimers tournaments in the world was postponed over the last few years due to the pandemic. This year our Heritage committee is working closely with the 46th Invitational Tournament committee and we are confident that we will be back on track February 22-26, 2023

Bruce Marsh,
Chair, Heritage Committee

For the year ending April 30, 2022*Prepared by Richard Krummenacher***To the Members of the Burlington Oldtimers Hockey Club.**

Well, it was nice to get back to playing some hockey, see old friends and spend time with others. I am always amazed at how a bunch of individuals who are all volunteers can make such a large organization function so well with all the challenges put before us. At the start of the season while still in very uncertain times we started our registration process later than usual. We expected that membership would be down by about 30% given all the restriction and uncertainty we faced. In the end we had a full roster of 768 skaters and goalies to start the season. Truly amazing given the time the board was making these decisions. In the end we played a full season less 8 games. Well done all.

Financially we weathered the storm, as the club is well positioned financially to manage through difficult times. This was done by design as your club though focused on balancing the books each year also ensured we had reserves set aside over many years to manage the more difficult times like we have experienced these past two years.

During fiscal 2022 which ended April 30, though we had a full winter hockey season we did not play summer hockey during 2021 or host our tournament in February of 2022. Both events contribute financially to the club to help manage our overall fees. Additionally, the lounge was less busy however they were able to maintain costs and stay within budget. Based on our financial history I believe the club would have come close to breaking even if we had been able to play 2021 summer hockey and the 2022 February Tournament. More specifically. We separate the club activities into separate groupings to help your board better manage the club. These groupings include hockey operations, invitational tournament, lounge activities, social activities, and administrative functions.

For 2022 our results are as follows

Winter Hockey	\$61,590
Summer Hockey	Nil
Tournament 2022	Nil
Social Activities	Nil
Lounge	(\$13,291)
Admin Costs	(\$81,526)
Deficit for the year	(\$33,227)

Admin costs include costs to manage the club which include some of the following expenses

Rent and Condo Fees	\$36,025
Commercial Insurance with a 40% Increase	\$10,530
Merchant Fees	\$24,525
Utilities	\$5,314
Computer Services	\$5,963

After two difficult years the club remains healthy with an overall surplus of \$143,000. On a final note, at the time of the AGM, given numerous constraints we were unable to provide a set of reviewed financial statements to the membership. Once they become available, we will post them on the club's website. If they change materially, we will notify the membership.

BOHC treasurer – Richard Krummenacher

ROUND ROBIN YEAR-END RULES

1. Each team captain must register the names of ALL players who will participate in the tournament prior to the first game.
2. Only full time players registered on that list will be allowed to play on that team during the Round Robin.
3. No player may play for more than one team during the tournament except a goaltender in cases of injury. When a pool goaltender is not available the Divisional Convenor will appoint the replacement goaltender from that Division.
4. Pool players may only be used if a team cannot ice 13 regular skaters. (Excluding goalies). Pool players will be assigned on a "game to game" basis by the divisional convenors as requested by the captain.
5. No pool player may play in the championship game without having participated in at least two of the division games during the Round Robin.
6. Each team is guaranteed 5 group games and the two teams with the highest number

of points will play for the championship for their division.

TIE BREAKING PROCEDURE

1. If after the group games, there is a tie in points, the teams to advance to the championship will be determined as follows:

THREE OR MORE TEAMS

If 3 or more teams are tied at the completion of the round robin, their ranking will be based on their head to head games (mutual games played against each other). The tie breaking criteria for the head to head games will be:

- Most wins
- Plus/minus
- Goals scored
- Least amount of penalties
- Fastest goal scored

TWO TEAMS TIED FOR SECOND

- Head to head
- Plus/minus
- Goals scored
- Least amount of penalties
- Fastest goal scored

Refund Policy

1. Before any refund for full time players can be considered, written notice must be issued by the divisional convenor and submitted to the membership chairman for approval.
2. Before play begins (play begins once the teams are drafted) The club will withhold \$25 from members requesting full refunds. This is a non refundable and you remain a social member of the club until the next registration cycle.
3. Once play begins, in the case of an injury or illness, a refund will only be considered if it is felt that the extent of the injury will not allow him to play for most of the rest of the season. If, subsequent to receiving a refund, a player is able to return to play, that player will only be able to return as a replacement player if there is another player going to the pool, and this may be on any divisional team.
4. The amount of the player refund will be prorated, determined by the number of games remaining in the season and the amount to be collected from the player replacing the individual who is injured or ill. The player's sweater and socks must be turned in prior to the refund being paid.
 - a. On May 1, 2022 the club implemented a \$60 administrative fee in the event a player needs to retire from full-time play for any reason, in addition to retaining the \$40 registration fee to remain a pool player.
 - b. Player refunds are approved only when the replacement player is named and his payment is on hand.
 - c. Refunds will be issued ASAP after the VP Membership processes and approves the refund.

BOHC GENERAL INFORMATION

1. There are (8) divisions of (6) teams each.

Each team consists of 16 players:

Red Division
Orange Division
White Division
Black Division
Green Division
Blue Division
Grey Division
Gold Division

2. Each division has a convenor, co-convenor(s), pool convenor, a pool of skaters and goalies.
3. Pool players are scheduled by the pool convenor to play one game. If an extra game is required due to a player shortage,

the pool player may play a second game at the discretion of the pool or division convenor. If they are not available, the captain requesting the pool player must consult with the opposing captain.

A pool player, asked to play more than one game will not pay more than \$15.

Pool players soliciting games on their own are strictly prohibited in all circumstances.

4. All players, pool transfers or retiring members must be reported as soon as possible to the V.P. of membership by the Captain thru the Division Convenor.

Games ending as a tie:

Ties count for one point in league standings. There is no provision for tie breakers.

League games will consist of two periods:

Period 1: Seventeen (17) minutes stop time
Period 2: Seventeen (17) minutes stop time

Determining Divisional Champions:

- a) At the end of the regular season, the team with the **greatest number of points** is declared the Divisional Champion.
- b) If two teams are tied in total points, the Divisional Champion is the team which has the **greatest number of head-to-head wins** during regular season play.
- c) If still tied, or more than two teams are tied, the Champion is the team with the **most wins throughout the season**.
- d) If still tied the Champion is the team with the **fewest losses throughout the season**.
- e) If still tied, the Champion is the team with the **most goals for**.
- f) If still tied, the Champion is the team with the **fewest goals against**.

Games will be played at:

Mainway Recreation
 3015 Mainway Drive
 905-336-1877

Appleby Ice Centre
 1201 Appleby Line
 905-331-7465

BOHC CHRISTMAS DANCE

MUSIC
ENTERTAINMENT
DANCING
PRIZES

Saturday, November 26, 2022

Doors open at 7pm

828 Legion Rd (Burlington Legion)
Graham's Lane off Brant St.

ONLY
\$10

Burlington Oldtimers
HOCKEY CLUB

We are currently looking for:

- Prize donations
 - Volunteers to help out at the event
- We appreciate your support as always!

Colin Ashdown (289) 260-9277

Always a great time - dancing is good for you!

in support of **Burlington Food Bank**

WINTER HOCKEY 2023-24

IN-PERSON REGISTRATION

will take place the **Saturday**
of the **Championship weekend**.
10am - 4pm at **Hector's**.
*Payment by cheque only -
no credit cards.*

ON-LINE REGISTRATION FORM

Link is on the website.
Credit card payment only.

REGISTRATION FORMS

Registration forms are available at Hector's
or on-line as of **April 1, 2023**.

Register by May 1, 2023
to save your playing seniority.

Hockey Registration

BOHC SUMMER HOCKEY

consists of 12 teams playing 22 games
from late April through early September,
with nearly all games to be played on
Wednesday nights.

Meet players from other divisions,
have fun, share the puck, enjoy a
post-game beverage at Hector's,
and stay in "shape" for Winter Hockey.

FULLTIME registration is expected
to open after the 2023 Invitational
Tournament, close Sat. March 25th
at 5pm, and cost approximately \$300.
POOL players can register online any
time after the Invitational throughout
the Summer season (no registration fee).

Email summer@bohc.ca for more
details.

2023 SUMMER HOCKEY

BOWSER

Burlington Oldtimers' Women Supplying Emergency Relief

Great Job BOWSER Babes!

**Johanne Patterson, Anne McGraw,

During the 2021/22 season,
our BOWSER BABES collected

1,458 food items and
\$9,507 in cash donations.

THANK
YOU

**BOWSER Babes are looking for new members
to help out once a month.**

Thank you to the BOHC players for your generous
donations and thank you BOWSER BABES for your
dedication to helping out our community!

See you at the rinks!

Burlington Oldtimers Hockey Club Inc.

The Burlington Oldtimers Hockey Club has been formed for the enjoyment of participation and to exemplify the sportsmanship of its members and it is expected that no circumstances will occur that will require a penalty. However, in the heat of competition, incidents will occur and it is necessary to highlight the offences which are in addition to the normal playing rules of hockey.

The Board of Directors completely supports all decisions of the referees who have been engaged to enhance the enjoyment of each player in the league and lessen the chance of injury. In addition all games will be viewed by a committee of Directors who will insure enforcement of any deliberate infraction not in the spirit of the "Oldtimers". Any member of the league who feels strongly about one or two other members not adhering to the above is requested not to 'bitch' to others about it, but is invited to present his complaint to any member of the Executive. In addition, we would also like to receive suggestions from players and members who will help improve our association and the enjoyment and participation in hockey for all members.

1. All players must be thirty-five (35) years of age by December 31st of the playing season and no person may accrue seniority for hockey purposes until attaining the age of 35.
2. The league will be divided into as many divisions as deemed necessary by the Directors.
3. All players must be residents of the City of Burlington as per the constitution (membership).
4. Participating players must have paid, in advance, by May 1st each year, the specified registration fee, and be in good standing with no arrears outstanding for a prior year or years. Also, players must have signed the waiver, which states the league will not be responsible for injuries to players participating in any game. "Failure by a playing member to register and pay the required dues by May 1st will result in his relegation to the player pool for one full year. However, provided registration and payment is made by September 1 of the same year, there will be no loss of seniority".
5. (a) Any member of the BOHC who in the opinion of his division convenor(s) and a majority of the division captains conducts himself in a manner having little or no regard for the safety and well being of other players or members of the BOHC, or conducts himself in a manner not keeping with the purpose of the BOHC will be subject to a disciplinary hearing. Such hearings may result in short term suspension, long-term suspension or expulsion from BOHC.
- (b) If a player, in the opinion of the divisional convenor and VP of Hockey, plays at a level unrelated to discipline that adversely affects the game and the playing experience of the other players, that player may be removed from full-time playing status. The procedure will be as follows:
 - (i) The divisional convenor, after consulting with the division captains will advise the VP of Hockey that a player move is required. The request will be in writing (or email) and will identify the reason for this decision.
 - (ii) If the VP of Hockey supports this change, the convenor will call a meeting with the player and the players current captain as well as the VP of Hockey. The player will be advised and be moved to the pool or social status. The player may also choose to

voluntarily change status when advised of the meeting.

- (iii) If the player so chooses, after a minimum 16 games in the pool the player may petition, in writing, the VP of Hockey and the convenor to be re-instated. A decision to re-instate the player will be at the VP of Hockey's discretion. If the player wishes to apply for full time playing status in subsequent years, that player must submit a petition to the VP of Hockey in the same manner and under the same guidelines.
- (iv) The Board will be advised at the first board meeting following an involuntary change in player status and must ratify the change for it to continue to be in effect.

6. Mandatory Equipment:

- A Hockey Canada approved hockey stick
- Shin pads
- Hockey gloves
- Elbow pads
- Hockey pants or equivalent protection (no track or sweat pants allowed)
- Athletic support with cup
- Ear guards
- Helmets - CSA approved full and half face shields which are unaltered and must protect the player's eyes are mandatory for all skaters and on ice officials as minimum face protection. All certification (CSA) stickers must be in plain view. Full face shields must be fastened so that, in the event of an injury, medical attention such as CPR can be provided without removing the helmet. The chin/neck strap can "hang" no greater than two finger width below the players chin.

C.A.R.H.A. Rule 24 specifies all players must wear CSA approved helmets and facial protection, securely fastened at all times. Full, CSA approved unaltered face shields, full head protection, approved plastic throat guard attached to the mask/helmet and approved throat/neck protector are mandatory for all goal-tenders. Goaltenders with newer type equipment where the neck protector is integrated into the body armour are deemed to be compliant for the approved neck protector. Any goaltender playing without the proper equipment will be suspended from further play until the proper face protection and head protection is used.

Goalie Masks: Manufacturers have created a new version of the "Cat Eye" mask, which is CSA approved and may be worn during play under CARHA Hockey rules and regulations. The photo below shows the difference between the CSA Approved and the non-CSA Approved illegal "Cat Eye" mask; the legal CSA approved mask has an additional bar that runs along the top of the eye hole and protects the goaltender from pucks and sticks entering the mask and causing injury.

GAME PROCEDURES

The league will participate under the C.A.R.H.A. rules.

- (A) All games being played using stop time, except if the game is running late, running time shall be utilized in lieu of stop time subject to the referee's discretion. However, if possible, the last five minutes of any game will be played in stop time. The centre red line will not be used in all games. Running time will also start if there is a 5-goal lead and only 3 minutes remaining in the game. The time will not stop until the end of the game regardless of any goals scored
- (B) Icing the puck will only be called when the defending player shoots the puck from behind his own blue line across the opposing team's goal line with no player from either team making contact with the puck. The referee may waive off the icing call if, in his judgment, the puck could have been contacted by a defending player but, due to the lack of effort by the player, no contact was made.
- (C) **League games will consist of two (2) periods:**
 - Period One (1) - seventeen (17) minutes stop time.
 - Period Two (2) - seventeen (17) minutes stop time.

- (D) There will be a two (2) minute warmup. Referee to give a 30 second warning at which time the Captains are to get pucks picked up and starting line up onto the ice. If a longer than normal delay is encountered during a stoppage (etc. injury, broken glass, etc.) app. 30 seconds then the timekeeper will be instructed by the referee to start the clock running until play is ready to resume.
- (E) The minimum number of players to start a game is eight (8). You can start the game without the goalie.

PENALTIES

Minor Penalty:

Two (2) minutes stop time or three (3) minutes running time, three minor penalties to any player in the same game will require automatic expulsion from that game.

Major Penalty:

Any major penalty will eject a player from that game and the next game also. The team being assessed a five (5) minute stop time or seven (7) minutes running time penalty will place a substitute player in the penalty box to serve the major penalty. An alternate player may replace such player at a stoppage of play. For goalies only, if they receive a major penalty (5 min.) they remain in the game and will serve a 1 game suspension for their next game. The only exception is if a goalie is penalized for fighting then they are ejected from that game with the major penalty.

Match Penalty:

Automatic suspension from that game and all future games until a disciplinary hearing has been held. If a match penalty is assessed to a player, the player shall proceed directly to the dressing room and a player from that team shall serve a five (5) minute stop time or seven (7) minutes running time penalty. An alternate player may replace such player at a stoppage of play.

Any deliberate attempt to injure another player, coach, official, or manager will result in an automatic match penalty.

The case will be referred to the discipline committee for review and a hearing to determine the outcome and any further action or the suspension of the player.

Misconduct Penalty (all references to misconduct penalties to be read game misconduct penalties):

If a misconduct penalty is assessed to any player, coach or manager *in the first period*, the person will leave the playing area and be suspended for the balance of the game. The player, coach or manager must proceed to the dressing room immediately and have no involvement with the team while under suspension.

If the misconduct penalty is assessed after the first period has officially ended or during the second period of play or after the second period has expired and before the teams have returned in their entirety to their respective dressing rooms, the player, coach or manager will be suspended for the remainder of that game if applicable and the next league and or round robin game.

If a second misconduct penalty is assessed to the same person in the same season, the person will be suspended from that game and the next three league and or round robin games.

If a third or subsequent misconduct penalty is assessed any player, coach or manager, no further league or round robin play or team participation for that person may take place until after a discipline hearing has been held to discuss the situation.

Gross Misconduct Penalty:

Gross misconduct penalty shall be assessed where a person conducts himself in such a manner as to make a travesty of the game.

A player, coach or manager assessed a gross misconduct penalty will be suspended from league or round robin play for two (2) games subject to any action deemed necessary by the discipline committee. A second gross misconduct in the same season will be required to appear before the discipline committee before reinstatement.

The discipline committee will submit its recommendations to the Vice-President of Hockey, who will bring the matter to the Board of Directors for ratification, if suspension from the league is necessary.

Discipline Committee Members:

Designate-Chairman
Referee-in-Chief or Designate
Referee of the game

Player, players involved with the team captains or alternate captains, convenor of the division/divisions or designate where the offender/offenders play.

As indicated above, C.A.R.H.A. rules will apply, subject to the modifications indicated below:

- (A) **Roughing:** A major penalty or at the discretion of the referee a major penalty and a game misconduct penalty shall be assessed to any player who is guilty of unnecessary rough play.
- (i) Roughing shall be interpreted as a shove/push or attempted blow.
 - (ii) Any player who having been struck, retaliates with equal or greater force shall be assessed a minor penalty.
 - (iii) Any player who is identified as being the instigator or the aggressor, shall be assessed an additional minor penalty.
- (B) **Fighting:** A match penalty shall be assessed any player or players who fight.
- (i) Fighting shall be interpreted as throwing a punch or punches with vengeance/force so as to cause physical harm to an opponent.
 - (ii) Any player who retaliates, after being struck with a forceful punch or punches, shall be assessed a fighting penalty.
 - (iii) Any player who is identified by the referee as the instigator or the aggressor in a fight will be subject to additional penalties.

Note:

1. After being assessed minor penalties for roughing, a fighting penalty will be assessed if participants continue to, or attempt to, carry on the roughing incident.
2. Game misconduct penalties will be assessed to a third man entering an altercation (roughing or fighting) plus any other penalties he might incur under the rules.
3. Any player who refuses to follow the referee's instructions to proceed to a neutral zone during a roughing or a fighting incident shall be assessed a game misconduct penalty.
4. The referee shall submit a full report of the incident to the Referee-in-Chief and the Chairman of the disciplinary committee.

- (C) **Use of wrist shots only:** No slap shots are permitted. A minor penalty shall be assessed to any player using a slap shot and if in the attacking zone, the face-off will take place at the nearest neutral zone face-off spot.

A major penalty will be assessed to any player who causes another player to be injured as a result of taking a slap shot.

Interpretation of a Slap Shot:

Any player who propels the puck by drawing the stick back 15 inches or more from the puck and/or who makes a shot or pass where any part of the players stick blade is above the height of the skate boot.

- (D) No body checking of any kind will be tolerated, including playing the man, under any circumstances. A minor or a major penalty at the discretion of the referee, based upon the violence of the impact with the opposing player, shall be assessed any player who intentionally pushes, shoves or stands in front of and does not avert body contact with an opponent.

When the attacking player is skating toward the defending player, the defending player has the right to maintain his position. In this case, the attacking player must avoid body contact. Where, in the opinion of the referee, coincidental contact has taken place, no penalty shall be assessed.

- (E) Referees are to whistle the play dead immediately when they lose sight of the puck, when held or smothered by the goaltender. Under no circumstances shall an opposing player slash at or poke at the goaltender when he has possession of the puck. A penalty for roughing is to be assessed if required.
- (F) Referees are instructed to drop the puck immediately if they suspect one team, coach or player is deliberately stalling or causing unnecessary delay of the game and a bench minor penalty will be called against the offending team. If sufficient time is not available, that is, the last 2 minutes of the game or in any overtime, to serve 'delay of game' penalty in its entirety then a penalty shot shall be called in lieu of the penalty.
- (G) Every team captain appointed by the convenor shall appoint one assistant captain. A second assistant captain shall be elected by the team members. Not more than two (2) assistant captains per team and no goaltender can be the captain or assistant captain of any team. Only the captain or alternate captain on the ice can discuss (politely and within reason) rule interpretations or penalties imposed with the referee. Any captain or alternate captain will lose his privilege as a captain or alternate captain when assessed any penalty.
- (H) All officials on the ice are empowered to call penalties. A full report of undesirable incidents is to be made by the referees and given to the Referee-in-Chief immediately following the game.
- (I) No protest of games played or officiating will be allowed under any circumstances.
- (J) No profanity will be tolerated on the ice or from the bench. Such language will incur an automatic misconduct penalty. Any further profanity from the same player or coach will result in a disciplinary hearing for further action.
- (K) Spearing or butt-ending: Suspension from that game and no further playing until a disciplinary hearing has been held and penalty has been assessed by the Disciplinary Committee (match penalty to be assessed).
- (L) Tripping: Accidental tripping is a minor penalty; however, intentional tripping is a very serious offence and will warrant a major penalty. It should be kept in mind that this is recreational hockey and deliberate tripping can cause serious injuries. A defending player will be assessed a major penalty for causing to trip by sliding along the ice and attempting to block the puck or shot if contact is made with an opposing player.
- (M) High Sticks: Sticks are not to be carried above the shoulders. Contacting the puck or making a play to contact the puck with a high stick will result in a minor penalty to the offending player. A Minor penalty shall be assessed to any player who checks an opponent or intimidates an opponent while carrying their stick above the *waist* height of their opponent.

A player who accidentally, at the discretion of the referee, makes contact with an opponent above the normal height of the shoulders with a high stick shall be assessed a minor penalty. A player who intentionally makes contact with an opponent with a high stick shall be assessed a major penalty whether or not injury results.

Note:

In the event the referee is unable to identify the offender and both players' sticks are above normal shoulder height, a minor penalty may be assessed to both players. Any player who checks an opponent by bringing his stick down on his opponent's stick from above the normal height of the shoulders may receive a minor penalty. Any player who carries his stick above the normal height of his shoulder may receive a minor penalty.

- (N) Any player, coach or team official yelling at game officials will incur a personal or bench penalty (to be strictly enforced).

- (O) Coincident major or minor penalties do not require the teams to play shorthanded. Penalties will be assessed to any player/players, whose action after the final whistle of a game may cause injury to any person.
- (P) Molesting officials: Any player or team official who threatens or attempts to strike a referee during or after a game shall be assessed a match penalty and immediate suspension shall occur. A disciplinary committee shall be convened as soon as reasonably possible to determine further action as required.
- (Q) Unnecessary nuisance:
 - (i) A bench minor penalty shall be assessed a team where any player or team official on the bench bangs the boards or ice surface with a stick or any object in protest of an official's ruling.
 - (ii) When a player on the ice commits the infraction (1) unsportsmanlike conduct penalty shall be assessed.
 - (iii) A minor penalty shall be assessed to any player or team official who challenges or disputes the rulings of an official during the game or who displays unsportsmanlike conduct.
 - (iv) If the person persists, after being assessed the minor penalty, he shall be assessed a game misconduct penalty.
- (R) Sliding: Any sliding is a minor penalty. This includes the goalie once they leave the crease to challenge a player coming to take a shot or breakaway. If in the act of sliding the player contacts a player and trips the opposing player it is a 5 minute major. All major penalties result in an ejection from the game and a 1 game suspension. Note that sliding must be intentional and not from falling down and sliding. Blocking shots is allowed if not sliding, sliding requires movement along the ice.
- (S) Penalty for contact with the head will follow CARHA rules. Single minor for accidental, double minor for intentional and a 5 minute major at referee's discretion if the hit is excessive.

Double Minor Penalty

- (A) A double minor penalty shall be assessed to any player or team official who uses the shaft of the stick above the upper hand, to hold or hook an opponent, or who attempts to butt-end an opponent.
- (B) Boarding and body contact: In the event that a player, by committing an infraction of the rules, causes an opponent to collide with the boards, the Minor penalty normally assessed under the rules will be waived, and a Double Minor penalty shall be assessed.

Note:

1. A Referee is not required to assess a minor penalty before assessing any game misconduct penalty.
 2. Any suspension not served during the current playing season will be carried forward to the Year-End Tournament and/or the next playing season to ensure the full suspension is served.
- (C) Roughing after the whistle: A minor penalty, or at the discretion of the referee, a major penalty and a game misconduct shall be assessed to any player who, in judgement of the referee, makes deliberate contact with an opponent after the whistle. *Example: At a stoppage of play, a Team A player pushes a Team B player who then pushes back. The referee would assess a minor penalty to Team A player for roughing after the whistle. Where the retaliation is too severe to be ignored and that player is penalized, the referee shall assess the initial player with a double minor penalty so that a time differential exists.* NOTE: The key is to penalize the team which caused the initial foul.
 - (D) Entering the crease: When the attacking team has possession and control of the puck in the attacking zone, should any player of the attacking team be observed by the referee to make contact with the goaltender's crease (blue ice), play shall be stopped immediately and the ensuing face-off shall take place at the earnest neutral zone face-off dot. No penalty is assessed.

The intent of this rule is to protect our goalies knowing that winning is secondary. If in any event a goalie is hit in the mask with the puck and the puck does not go directly over the goal line into the net, the play is to be stopped immediately. The ensuing face-off shall take place at the nearest defending team face-off dot. If the puck does go off the mask and directly over the goal line into the net the goal would count and face-off would take place at centre ice. In both cases referee is to check with goalie to make sure he is able to continue play before face-off takes place.

OPERATING PROCEDURES

- (A) Players who miss four consecutive games without notice or who are habitually absent, may, at the option of the Board of Directors or an assigned convenor of the league, be removed from a house league team to the player pool and a player pool member be moved on to the team in his place.
- (B) Any player drafted to a regular position on a house league team who:
- (i) Opts to leave the house league team and join the player pool or become a non-active member at any time following the pre-season player draft, or,
 - (ii) Is removed from a house league team for cause as outlined in league operating procedures, must remain a member of the player pool or become listed as a non-active member for a minimum period of 16 consecutive games (or the remainder of the season, whichever is of shorter duration), commencing with the first scheduled game of the regular season or the date of transfer to the player pool (or non-active list). This ruling does not apply to players becoming non-active members for medical reasons. During this 16 game period, the player will not be considered for placement to any team as a permanent or full-time temporary player regardless of seniority. The player will, however, be eligible to participate as a pool player at any time beginning with the date of transfer to the player pool list. At the end of the 16 game period the player will again assume all normal rights and privileges.
- (C) Player movement: The Convenors may move players from team to team or from division to division at anytime they feel it is in the best interest of the league. We ask for your complete co-operation.
- (D) A player who cannot make a game is expected to advise his captain well in advance so that a pool player gets a chance to lace 'em up.
- (E) Pool players who when called habitually refuse to play may be relegated to a non-active playing status for the remainder of the season.
- (F) Both the number and severity of penalties an individual player receives will be monitored and further disciplinary action may be warranted.
- (G) Players are representing the entire Burlington Oldtimers Hockey Club to the community each time they step on the ice. Foul and profane language on the bench, on the ice or in the penalty box is not appreciated by spectators, timekeepers, officials, or arena staff. Penalties can and will be assessed.
- (H) Any member of the Burlington Oldtimers Hockey Club Inc. reported to be consuming alcohol in dressing rooms or in any other part of the arena during our scheduled time periods by any city staff, will be required to appear before discipline committee. The member(s) or teams will be subject to the following:

1st offence in a Calendar Year:

The member(s) will be suspended from league activity (playing, coaching or refereeing) until a Discipline hearing has been held to discuss the situation. The Discipline Committee will set the length of suspension(s) for a period of 4 games minimum to 16 games maximum. If no individual(s) from a team can be determined then the Team(s) will be suspended for a period of 1 game minimum to 4 games maximum. Discipline Committee to set length of suspension based on info given by the Convenor, Captain(s) info provided during investigation. City of Burlington may ban any player or team if found guilty of the

policy violation to a longer suspension from all city property. All games missed by Team(s) suspended will not count in regular season standings. If Team(s) Suspension is during Round Robin all games missed or played during Round Robin will not count in the standings. Team(s) that was suspended during Round Robin may not participate in Championship games.

2nd offence in a Calendar Year:

The member will be suspended from league activity (playing, coaching or refereeing) for a period of 5 games minimum to 16 games maximum. If no individual(s) from a team can be determined the team(s) will be suspended for a period of 3 games minimum to 10 games maximum, Discipline Committee to set length of suspension based on info provided by the Convenor and Captain(s) during investigation. City of Burlington may ban any player(s) or team(s) if found guilty of the policy violation to a longer suspension from all city property. All games missed by Team(s) suspended will not count in regular season standings. If Team(s) Suspension is during Round Robin all games missed or played during Round Robin will not count in standings.

3rd offence in a Calendar Year:

The member will be suspended from league activity (playing, coaching or refereeing) until a discipline hearing can be held. Discipline Committee to set length of suspension for a period of two years minimum, 5 years maximum. The member will be required to put in writing reasons why he should be allowed to return to B.O.H.C., and hand letter to V.P. of Hockey. If V.P. of Hockey agrees with member he shall bring member's name to board for board approval before member can rejoin B.O.H.C.

TEAM CAPTAINS/COACHES

The following points should be kept in mind for each coach/team captain:

- (A) Teams must have a minimum of ten (10) regular (including goalie) registered players to that team or pool players before an official league game can be constituted. Failing this, the game is lost by default and the two teams will be divided equally and play an exhibition game.
- (B) The purpose of the Oldtimers' Hockey is to provide recreation and enjoyment for its members and, as such, each coach should endeavour to provide equal ice time for all members of his team. The name of the game is *fun* for all members, winning is secondary.
- (C) When a goalkeeper is absent from his regular team; replacement should be obtained from his division pool. If no pool goalie is available, another goalie from his own division may be used. Failing this, another goalie from the next division may be used.
- (D) No player, coach or manager may participate in any game if he is under the influence of alcohol.
- (E) Any suspended player may not participate in on-the-ice or bench activities with his league team in any way during his suspension.
- (F) A penalty may be assessed to any player, coach or manager whose conduct, in the opinion of the League Executive, or Directors, is not in keeping with Oldtimers' hockey. Ungentlemanly conduct on behalf of anyone will be at least a one game suspension, however, the Disciplinary Committee may assess additional game suspensions if, in its opinion, further suspensions of benefit to the league.
- (G) The above rules are to be *strictly* enforced and all players, coaches and managers should keep in mind that an offending player faces the possibility of ejection from the league if, in the minds of the Executives of the association, it is felt the player's actions and attitude is not in keeping with the purpose of the association.

Having Short Term Memory Loss Issues?

My name is **Bob Paton** and I have been a member of the Burlington Oldtimers for 35 years. I'm 72 years old and recently had a minor stroke which has caused some memory loss. This is common not only for stroke victims but virtually everyone as we get older.

I designed a program which has helped me out a great deal with my memory problems. The program is easy to use and inexpensive, plus there are no limitations as to how much info you can take with you when you go out.

*These are your memories so you determine
what you want to save.*

You could be eligible for a rebate of up to **\$30,000!**

Do you qualify? Have you:

- Completed building your home within the last two years or hired someone to build your home for you
- Substantially renovated a home or condo within the last two years
- Purchased a new residential rental property and plan on having tenants lease for one year

The process is simple:

- Contact us to see if you qualify
- Send us your documents – our team will file and submit all documents on your behalf
- Cash your cheque

We have helped our clients get millions of dollars back from the government with rebates they are entitled to.

Start the process: (647) 281-5399 or info@my-rebate.ca

My goal is helping my clients
these financial questions

We plan to create
Canada tax auditor
your taxes.

NEW AD COMING?

Can I educate my children?
use RESP's and the government education grants
to help plan for this major expense.

Will I leave my money to my family or the government?
We review relevant strategies covering estate planning and insurance needs.

Retirement: Live It On Your Terms.

The idea of retirement is not the same for everyone. Maybe you plan to start a second career or work part time. Or maybe you look forward to volunteering or enjoying your favourite hobbies. But whatever your idea of retirement is, do it on your terms.

To help you do this, let's sit down and talk. This will help us better understand what you want to do in retirement and develop the right retirement plan to help you get there.

Don't wait. Call me today to get started on your retirement.

IG PRIVATE WEALTH MANAGEMENT FOX GROUP

Why does a hockey team pull their goalie at the end of the game?

Because they are behind and trying to catch up. Many people don't realize it, but they are starting their financial game without a goalie in net and leaving themselves at risk.

Let us prevent you from getting behind in the game...

At Carson Law, we like to consider ourselves different than other firms due to the focus and emphasis we put upon customer service. To us, work needs to be completed in an organized and efficient manner, providing clients with both information and confidence throughout the process. We treat people the way we, ourselves, want to be treated, with respect, dignity, and positive energy.

Your future is our focus • Our expertise equals your security

Whether it is the growth of your business, the purchase of your dream home, the protection of your ideas, or the execution of your wishes once you're gone, everything we do is designed to help you plan for the future. We understand the importance of recognizing your legal responsibilities and determining areas of concern to ensure that your needs are being met and that your best interests are being protected.

Contact us today to find out how we can help.
